# Omais Satti

Passionate and results-driven Senior React Native Developer with 2.5+ years of hands-on experience in cross-platform mobile app development, and a total of 3 years in full-stack development. Proven ability to lead mobile projects from concept to deployment, optimizing performance and delivering elegant user experiences. Adept in React Native, TypeScript, Redux, and modern tools like Reanimated, Firebase, and REST APIs. Experienced in mentoring junior developers and improving app architectures for scalability.

## WORK EXPERIENCE

### MultiSyn Tech

Full Stack React Native Developer                                         On-site |  June 2024 - Present

- eveloped and maintained cross-platform mobile applications using **React Native**, with a focus on performance, accessibility, and scalability.
- Integrated **Google AdMob** for in-app monetization with custom event tracking and ad placements across multiple screens.
- Implemented **Google Translation API** to support real-time **multilingual translation** via both **text and speech**, enhancing accessibility for 100+ languages.
- Integrated **Azure Object Detection API** for scanning and recognizing objects in real time via the device camera, with a custom overlay UI.
- Worked with **Eden AI APIs** to build object scanning features, improving app intelligence and accuracy in visual recognition tasks.
- Collaborated with UI/UX teams to ensure smooth, interactive user experiences across devices.
- Followed best practices for app performance, code reusability, and API error handling.

### Zysoftec

React Native Developer                                                     Remote  June 2023 - June 2024

- Built and deployed cross-platform mobile apps with features like **push notifications**, **Google Maps integration**, and secure **payment gateways** (*Stripe, PayPal, Instamojo*).
- Managed complex state using **Redux** & **Context API**, optimized **UI performance**, and integrated **REST APIs** for real-time data syncing.
- Resolved **APK/IPA build issues** and handled deployments to the **Google Play Store** and **Apple App Store**.

### Pie Technology & Aridian Technology

React Native Trainer & Developer                                           Onsite |  Jan 2023 - Jun 2023

- Conducted hands-on **React Native training** for over 15 junior developers, focusing on real-world **architecture** and best practices.
- Developed **intuitive UIs** with custom **reusable components** like drawers, modals, and search bars.
- Contributed to live **client apps** by implementing features, reviewing code, and ensuring clean, **scalable architecture**.

## EDUCATION

### PMAS Arid Agriculture University Rawalpindi

MCS(Master of Computer Science) - 3.74                          September 2019 - August 2021

## SKILLS

**Frontend:** HTML, CSS, JavaScript, React, React Native
**State Management:** Redux Toolkit, Context API, Zustand
**Backend:** Node.js, Express.js, REST APIs
**Databases:** MongoDB, MySQL, SQLite
**Cloud & APIs:** Firebase (Auth, Firestore, FCM), Google APIs, Azure Vision, Eden AI
**Tools & Libraries:** Git, GitHub, Postman, Axios, React Navigation, Reanimated, Lottie, AsyncStorage
